

We design and build your dreams!

We have the latest pool design software to show you what your pool will look like before we even break ground! Based on many years of industry experience Pool Time will design the best pool for your backyard and of course, your family. Invite us over to show you a new backyard. You will be amazed at what 3-D animation can do to help you envision the perfect pool.

Pool Time will design the pool of your dreams with your help, and you will receive the personal service you deserve throughout the entire project. Pool Time is one of the most educated pool designers in the area, based on a wealth of knowledge accumulated over the last 19 years. We provide hands-on project management from design to completion.
