

Inspections

Cost: \$175.00 per inspection

Description: Before you buy your home, we inspect your pool and pool equipment. We will write up estimates on any repairs needed. We go over with you the condition of the pool and what upgrades are available. Then we will show you how to operate your swimming pool equipment. You'll be a swimming pool expert before you know it. Joe Pagluica the president of Pool Time does each inspection, and his wealth of knowlege and expertise will be to your advantage.
